**Section 7. INDUSTRIAL WATER RATES**

Any industrial water customer served by the City's surface water treatment plant (the "Savannah River Water System") requiring water at an average rate in excess of 1,000,000 gallons per day for 300 or more days in a year shall pay for the quantity of water used at a rate equal to the water production cost as hereinafter defined. Each such user shall be billed at the end of each calendar month for immediate payment at a rate equal to the estimated water production cost for the month, plus the cumulative total of any unpaid water production cost for the year to the date of billing if revised estimates at the end of any such calendar month should indicate that the customer

has not been billed the full water production cost in any prior month. After each calendar year and prior to March 30, each such user shall receive a final bill for the year completed on the previous December 31 based on the actual water production cost for that year as determined by an audit.

The term "water production cost" for any given period shall be deemed to mean the sum of the following items on an accrual basis divided by the actual number of gallons delivered by the Savannah River Water System during such period:

(1) All payments to any Sinking Fund or reserve fund or other fund as may be required under any Bond Resolution adopted and approved to issue revenue bonds as a source of funds for capital expenditures for the Savannah River Water System.

(2) Interest and amortization to a maximum of \$20,000 per year, on money expended from CITY funds, other than the proceeds of revenue bonds, for necessary major repairs or replacements of water system facilities required to keep the system functioning reliably and efficiently at its 50 million gallon per day average rated capacity and which in accordance with good accounting practice would be capitalized. Interest and amortization on such monies shall be at the interest rate applicable to the most recent prior series of revenue bonds which served as a source of funds for necessary major capital expenditures for said water system, but the term of years applicable to amortization of the monies so expended shall be ten years.

(3) Interest and amortization on money expended from CITY funds in excess of the amounts which would result in \$20,000 annual charges for interest and amortization, and other than the proceeds of revenue bonds, for necessary major repairs or replacements of water system facilities required to keep the system functioning reliably and efficiently at its 50 million gallon per day average rated capacity and which in accordance with good accounting practice would be capitalized.

(4) Premiums on necessary insurance on said water plant, and

(5) The cost of operating and maintaining the water plant in a good state of repair, but excluding any item which in accordance with good accounting practice would be capitalized and excluding any item by way of depreciation or obsolescence.

The foregoing rates and charges have been determined by the Mayor and Aldermen of the City of Savannah to be reasonable in relation to the cost of producing water and providing water and sewer service and, with regard to the rates and charges specified in Sections 7, to bear a direct relation to the cost of producing and supplying water from the Savannah River Water System.

## **Section 8. REFUSE COLLECTION AND DISPOSAL FEES**

**(A) Regulatory Authority.** The Savannah Code, Part 4, Chapter 2, Sections 4-2001 through 4-2034, sets forth the authority for regulating the storage, collection, and disposal of all solid waste in the City, and for levying and collecting refuse collection and disposal fees as provided herein.

**(B) Refuse Fees.** Fees and charges for collecting and disposing of solid waste within the City of Savannah are established as follows:

### **(1) Residential**

**(a) Solid Waste Fee.** The residential solid waste collection and disposal fee for all residential property (other than commercial apartments) shall be \$23.50 per month per dwelling unit, \$47.00 per dwelling unit billed bi-monthly. Residential refuse collection and disposal is a mandatory government service for which payment of the fee provided herein is required.

**(b) Collection Carts; Fees.** The City will issue one refuse collection cart to each residential unit free of charge for use in the curb-side collection program. There shall be a one-time non-refundable charge of \$40.00 for each container exceeding one requested by a resident. There shall be a \$40.00 charge for each container which must be replaced because of damage caused by the resident or for which the resident is responsible. There shall be no charge for replacing a damaged cart when the resident did not cause or is not responsible for the damage.

**(c) Cart Return Fee.** The cart return fee for all residents within the City limits shall be \$7.00 per cart return and imposed on residents for failure to remove roll-out carts from the curb by 7:00 p.m. on the day of scheduled collection in accordance with the City of Savannah Code Section 4-2007(f).

**(d) Recycling Credit.** *A credit of \$5.00 shall be given against the residential solid waste collection and disposal fee of any residential customer for each month for which the customer qualifies for a Recycling Credit as provided in this paragraph. To qualify for a Recycling Credit for any month, the residential customer must be listed on the monthly certified billing register provided to the City by a Recognized Residential Curbside Recycling Firm for that month. For purposes of this paragraph a Recognized Residential Curbside Recycling Firm is a firm which demonstrates to the satisfaction of the Director of Sanitation that: 1) it provides a regularly scheduled curbside pick-up service for recyclable materials to residential subscribers within the City; 2) it delivers such picked-up recyclable materials to a bona-fide recycling business; and 3) it agrees to provide a certified accurate list of active subscribers to the City on a monthly basis.*

## **(2) Commercial**

**(a) Commercial Waste Collection Fee.** A Commercial Waste Collection Fee shall be charged to non-residential property and commercial apartments property owners or occupants at the rates prescribed below when such properties are served by City commercial containers. The applicable rate tier shall be determined by the aggregation of the container volumes served which are under common control of a single business entity. The City Manager is authorized to negotiate rates for governmental agencies on a cost basis.

The rates for Commercial Waste Collection services shall be as shown below:

| <b>Aggregate Volume of<br/>Commercial Containers<br/>For a Single Business Entity</b> | <b>Fee per Cubic Yard</b> |
|---|---------------------------|
| 2 cubic yards to 15 cubic yards   | \$ 3.00                   |
| 16 cubic yards to 47 cubic yards  | 2.60                      |
| 48 cubic yards to 95 cubic yards  | 2.30                      |
| 96 cubic yards and above  | 1.80                      |
| School Board  | 1.70                      |

These collection rates apply only to those accounts paying a disposal fee. The monthly or bi-monthly service bill amount shall be the product of the applicable rate tier, container size, and service frequency.

Occupants or owners of non-residential property which is not served by commercial containers because of low solid waste quantities generated, or the inability to locate a commercial container due to physical configuration of the property, will be served by the City using roll-out carts. The collection and disposal fee for such service shall be at the same rate as the residential solid waste fee provided in Paragraph B(1) above, charged in multiples on a per-cart basis.

The customer will not be billed again until a request to have the container emptied is made. After the waste has been weighed, the customer shall be billed a disposal fee. All fees shall be due and payable 30 days after receipt of bill.

To ensure that the C&D waste program is successful and that all customers pay for services rendered, the Commercial Refuse Collection Administrator will attempt to enforce payment of all delinquent amounts due. The Commercial Refuse Collection Administrator is hereby granted authority to place any and all delinquent C&D waste charges which are past due for 30 days or more on the customer's utility bill.

**(3) Billing of Solid Waste Collection and Disposal Fees.** Owners or occupants of premises for which residential refuse service is available, whether a City

refuse cart has been issued or not, and non-residential properties subject to fees in accordance with the provisions of this ordinance, shall be billed solid waste service charges bi-monthly in the same manner as water charges are billed.

**(4) Payment Enforcement.** Fees for *solid waste collection and disposal service* and for *solid waste disposal service* shall be due and payable in the same manner as charges for water service. The Revenue Department is authorized and empowered to discontinue the water supply of any dwelling unit or other establishment billed for said service when the charges remain unpaid after becoming due and payable, and to take other appropriate collection action, including placing a lien on the benefitting property and entering suit to collect. ### ***Section 2. PURPOSE AND SCOPE OF TAX***

The business tax levied herein is for revenue purposes only and is not for regulatory purposes. The business tax applies only to businesses and occupations which are covered by the provisions of O.C.G.A. §48-13-5 through §48-13-26. Other applicable businesses and occupations are subject to City taxes pursuant to pertinent general law and/or City ordinance.

### ***Section 3. DEFINITIONS***

In addition to the definitions in Article A, Section 2, of this Ordinance, the following words and terms shall have the meanings shown below when used in this Article:

**(A) Business.** Any person, corporation, partnership, or other legal entity which exerts substantial efforts within Savannah, engages in, causes to be engaged in, and/or represents or holds out to the public to be engaged in any occupation or activity with the object of gain or benefit, either directly or indirectly.

**(B) Business Tax.** A tax levied for revenue raising purposes on persons, firms, partnerships, corporations, and other entities for engaging in a business, occupation, or profession.

**(C) Base Tax.** The *base tax* is a flat-fee component of the business tax. This flat-fee component is the same amount for all businesses which are taxed on the basis of gross receipts and is included in the amounts shown in the Business Tax Schedule set forth in Section 5 of this Article.

**(D) Regulatory Fee.** A *regulatory fee*, as provided under O.C.G.A. §48-13-9, is any payment to the City, whether designated as a license fee, permit fee, or by another name, which the City requires as an exercise of its police power and as a part of or an aid to regulation of an business, occupation, or profession. The amount of a regulatory fee shall approximate the reasonable cost of the actual regulatory activity performed by the City. Businesses subject to regulatory fees are identified in Section 33 of this Article, entitled *Regulatory Fees and References*. A regulatory fee may not include an administrative fee. Development impact fees as defined by O.C.G.A. §36-71-2(8), or other costs of zoning or land development are not regulatory fees.

**(E) Business Tax Certificate.** A *business tax certificate* is the document issued by the City Revenue Department to a business, occupation, or profession which gives evidence of compliance with the requirements of this Article and payment of a business tax for the year. The certificate shows name and address of the business, business type, and other pertinent information, but not the amount of tax paid.

For purposes of this Article, practitioners of a profession or occupation shall not include a practitioner who on an annual basis is an employee of a business and the business pays a business tax pursuant to this Article. Nothing in this Article shall be construed or interpreted as limiting or regulating the practice of any such practitioner of a profession who is licensed and regulated by the State of Georgia, nor as subjecting any such practitioner of a profession to any criminal sanction.

#### ***Section 4. BUSINESS TAX FEE STRUCTURE***

**(A) Base Tax.** A non-proratable, non-refundable *flat-tax* component of the business tax, as provided in the Business Tax Schedule, Section 5 of this Article, shall be required on all general business tax accounts. Such base tax shall be included in the business tax amounts shown in the Business Tax Schedule.

#### **(B) Business Tax**

**(1) A business tax** shall be levied upon those businesses with one or more locations or offices in the corporate limits of the City and upon the applicable out-of-state businesses with no location or office in Georgia pursuant to O.C.G.A. §48-13-7, based upon gross receipts of the business or practitioner in combination with the profitability ratio for the type of business, occupation, or profession as measured by nationwide averages.

**(2) Classification by NAICS.** Businesses and professions within the City shall be classified by dominant business activity into occupation groups according to the classification structure set forth in the *North American Industry Classification System Manual*, published by the U. S. Government, Executive Office of the President, Office of Management and Budget.

**(3) Business Profitability Classes.** Businesses shall be assigned to profitability classes by the first two digits of the North American Industry Classification System (NAICS) number. Profitability classes shall reflect business profitability ratios, as measured by nationwide averages derived from statistics, classifications, or other information published by the U.S. Office of Management and Budget, the U.S. Internal Revenue Service, or successor agencies.

| F                          | Over 13.50%                        |

The six profitability classes are incorporated into the Business Tax Rate Schedule shown in Section 5 below.

**(C) Business Tax on Professions.** Each person engaged in the practice of a profession as described in O.C.G.A. §48-13-9(c)(1) through (18); each attorney; physician; osteopath; chiropractor; podiatrist; dentist; optometrist; psychologist; veterinarian; landscape architect; land surveyor; physiotherapist; public accountant; embalmer; funeral director; civil, mechanical, hydraulic, or electrical engineer; architect; marriage and family therapist, social worker, and professional counselor practicing such profession, whether individually or as a member or employee of a firm, partnership, or corporation, shall elect as such person's entire business or occupation tax one of the following:

(1) The business tax based on gross receipts combined with profitability ratios as set forth in paragraph B of this Section 4. If a practitioner elects to pay a tax based on gross receipts, all members and professional employees of the practitioner's firm must also elect to pay a tax based on gross receipts. In such case, the firm must list all practitioners and attach the list to a single business tax return for the firm.

(2) A fee of \$400 per practitioner licensed by the State, such tax to be paid only at the practitioner's principal office or location. A practitioner paying a fee according to this paragraph shall not be required to provide information to the City relating to gross receipts of the business or practitioner. If a practitioner elects to pay the per-practitioner fee, all members and professional employees of the practitioner's firm must also elect to pay the per-practitioner fee, in which case each practitioner may file a separate return and pay the flat tax, or the firm may file one return, attach a list of practicing professionals, and pay a tax totaling \$400 per professional.

This election is to be made on an annual basis and must be done by the business tax return due date each year.

No business tax on professions shall be assessed or collected from any practitioner of a profession whose office is maintained by and who is employed in practice exclusively by the United States, the State of Georgia, a municipality or county of the State, or instrumentalities thereof.

This tax on professions is for revenue purposes only, and nothing herein shall be construed or interpreted as limiting or regulating the practice of any such practitioner of a profession who is licensed and regulated by the State of Georgia, nor as subjecting any such practitioner of a profession to any criminal sanction.

## Section 6. BUSINESS TAX RESTRICTIONS; REAL ESTATE BROKERS AND AGENTS

### (A) Restrictions

(1) No business or practitioner shall be required to pay more than one business tax for each of its locations.

(2) No business tax will be required upon more than 100 percent of a business's gross receipts.

(3) No business tax will be required on receipts on which such tax has been levied in other localities or states.

**(B) Real Estate Brokers and Agents.** A business tax *shall be* required from real estate brokers and agents whose offices are located outside the City of Savannah and who sell property inside the City (O.C.G.A. §48-13-17). Any broker or agent which does business in more than one taxing jurisdiction shall allocate revenues among all such jurisdictions which levy a gross receipts tax. If any such jurisdiction does not levy a business tax based on gross receipts, then the gross receipts which would otherwise be allocatable to such jurisdiction shall be allocated to the jurisdiction in which the business is physically located.

Each real estate sales agent is considered to be an independent agent and is liable for a business tax. Income generated by any such agent filing a separate return may be excluded from the broker's return pursuant to Section 3 (F)(b)(iii) of this Article. A real estate brokerage firm may, however, elect to include sales commissions generated by such agents in its gross income, in which case (a) the broker must list all agents whose revenues are included in its return, and (b) such agents are not required to file a return and pay a tax.

#### ***Section 7. BUSINESS TAX CERTIFICATE REQUIRED; FEE FOR DUPLICATE***

No person shall conduct business from a location within the City without first registering with the City Revenue Department. Each location shall be considered a separate business for purposes of this Article. Upon payment by the business of required business tax, the Revenue Department shall issue a business tax certificate to the business. There shall be a \$10.00 fee to defray the cost of issuing a duplicate business tax certificate.

The business owner shall display such business tax certificate in a conspicuous place within the business premises, if the taxpayer has a permanent business location in Savannah. If the taxpayer has no permanent business location in Savannah, such business tax certificate shall be kept on the person or within the vehicle of the registered business.

Any business tax certificate shall be shown upon demand to any authorized employee of the Revenue Department, Police Department, or other City Department engaged in performing its authorized function. Any person who fails or refuses to show a business tax certificate upon demand of any authorized City employee shall be in violation of this Article.

Any business which is registered with the City and pays a business tax based on gross receipts in combination with profitability ratios shall be permitted to conduct its same business activities from a temporary site (a) during recognized public festivals and (b) with a group of registered dealers in a "show" arrangement, provided that any such temporary site shall meet all City zoning and building code requirements as evidenced by a *Certificate of Occupancy* issued by the City Inspections Department. This provision shall not apply to alcoholic beverage dealers (Savannah Code §6-1216), nor to any other business regulated by the City.

## **Section 8. BUSINESS TAX RETURNS; PROCEDURES**

**(A) Return to be filed.** All business taxes levied under this Article (except for professionals electing to pay a flat fee) are levied on the gross receipts of the current calendar year. However, for convenience of both the City and the taxpayer, each business subject to the business tax shall, on or before March 1 of the current calendar year, file with the Revenue Department a signed return showing the gross receipts bracket representing the total actual income of that business during the preceding calendar year. This return shall be used to determine the final tax for the calendar year just completed and as an estimate of the gross receipts and business tax for the current year. The tax return for professionals shall show the election to pay either on gross receipts or a flat fee. Each business required by the State to hold a State sales tax identification number shall provide such number to the City on its business tax return form.

**(B) Operation for part of preceding year.** Where a business has been in operation for only a part of the preceding year, the amount of gross receipts for such part shall be reported in said return. The return shall also show a figure putting the receipts for such part of a year on an annual basis with the part-year receipts bearing the same ratio to the whole-year receipts as the part year bears to the whole year. Said figure shall be the estimate of gross receipts of the business for the current calendar year in establishing the business tax liability.

**(C) New business.** In the case of a new business which did not operate for any period of time within the City during the preceding year, the owner or other person liable for business tax shall estimate on an application form the gross receipts bracket representing revenues from the date business is to begin within the City to the end of the calendar year. Business tax on such estimate shall be paid before business activities begin.

**(D) Payment of tax.** Based on the gross receipts bracket identified on the above-described return, each business shall determine the business tax amount for its profitability class from the Business Tax Schedule provided by the City with the return form. Such business shall submit payment of that tax amount along with the return by the due date prescribed by this Article.

**(E) Underpayment of tax.** If the amount of business tax paid for the preceding year based on the prior year's estimate is less than the amount of business tax due for the preceding year based on gross receipts reported on the current year's return, the difference shall be due and payable. The Revenue Department will calculate the additional tax due for the preceding year, using the tax rate for that year, and will issue a bill for that amount; provided, however, that in consideration of the costs of billing and collecting, no amount less than \$35 shall be billed. Any billed amount shall be due and payable within 30 days of the date rendered.

**(F) Overpayment of tax.** If the amount of business tax paid for the preceding year based on the prior year's estimate exceeds the amount of business tax due for the

preceding year based on gross receipts reported on the current year's return, the difference is refundable to the taxpayer. The Revenue Department will calculate the amount of overpayment for the preceding year, using the tax rate for that year, and will initiate refund of that amount; provided however, that in consideration of the costs of processing refunds, no amount less than \$25 shall be refunded except upon specific written request.

#### ***Section 9. DURATION OF BUSINESS TAX CERTIFICATE***

Each business tax certificate shall be for the calendar year, or the remaining portion thereof. ### ***Section 14. ALLOCATION OF GROSS RECEIPTS OF BUSINESS WITH MULTIPLE INTRA- OR INTERSTATE LOCATIONS***

For those businesses that have multiple locations inside and outside of the City where the gross receipts can be allocated to each location, the gross receipts used to determine the business tax assessed will be those gross receipts attributed to each location within the City. Where the dollar amount of gross receipts attributed locally cannot be determined in those businesses with multiple locations, the total gross receipts will be divided by the total number of locations in the City and elsewhere and allotted in an equal percentage of the total gross receipts to each of those locations.

Upon request, the business or practitioner with a location or office situated in more than one jurisdiction shall provide to the Revenue Department the following:

(1) financial information necessary to allocate the gross receipts of the business or practitioner; and

Exemption from registration and payment of business tax and regulatory fee does not exempt any such business from compliance with the City's zoning, building code, and other regulations.

#### ***Section 16. VETERAN'S CERTIFICATE OF EXEMPTION***

Each person operating a business in the City of Savannah under a Veteran's Certificate of Exemption issued by the State of Georgia, Department of Veterans Service, shall before conducting such business file with the Revenue Department an application for a free business tax certificate on a form furnished by the Revenue Department. The Public Development Bureau may grant such credits according to established criteria of an adopted economic development plan. Economic development credits may take the form of a tax certificate issued by the Public Development Bureau setting forth the type and amount of business tax credit for a specific business or practitioner of an occupation or profession, and the year(s) to which such credits are applicable. The Revenue Department will grant any such economic development credits by reducing the amount of business tax due upon presentation and surrender of a tax certificate by a business or practitioner of an occupation or profession.
